

W-T MECHANICAL/ELECTRICAL ENGINEERING  
**SUSTAINABLE, CREATIVE AND  
COST EFFECTIVE DESIGNS**

W-T Mechanical / Electrical Engineering, LLC provides one-stop shopping for all mechanical and electrical engineering projects. Award-winning W-T Mechanical / Electrical Engineering, LLC offers solutions to a variety of industry challenges, from architecturally creative designs to designing retro-fit work, renovation projects and systems upgrades. We leverage this experience to ensure design consistency, clarity and accuracy.

By incorporating all needed engineering disciplines under one provider, we maintain the integrity of all projects from start to finish, and each client receives the most efficient and cost effective solution. We make our clients part of the process, first learning the client's goals, to ensure all customer needs are met with satisfaction beyond expectations.

THE **W-T** FAMILY OF COMPANIES

W-T Engineering, Inc, is a family of companies that creates a full service consulting engineering firm. For over 40 years, we have been serving developers, municipalities, park districts, architects and corporate clients with innovative and economical design solutions for their developments. Our extensive experience and professional relationships we have built over the years with the municipal, county and state engineering departments differentiates us from the competition. We continually remain current, competitive and "state-of-the-art." Find out today, how we can provide you with, One Source. Infinite Solutions.

**ONE SOURCE. INFINITE SOLUTIONS.**

The W-T family of companies is 'One Source. Infinite Solutions.' for engineering related services. Our groups work together to move projects quickly and produce a successful outcome. Our clients benefit from teams consisting of varying expertise, all provided in house. Our in-house services include:

- Civil Engineering
- Mechanical/Electrical/Plumbing
- Communication Site Design
- Landscape Architecture
- Structural Engineering
- Land Surveying
- Aquatic Engineering
- Accessibility Consulting
- Technology Design

**MISSION STATEMENT**

"To be the consulting firm of choice distinguished by strong customer relationships and by providing quality services, in a timely, cost effective and professional manner."

## W-T MECHANICAL/ELECTRICAL ADVANTAGE

# EFFICIENCY MEASURES— SAVE ENERGY, SAVE MONEY

What separates us from our competitors is our size, project capabilities and access to experts in each of the ten W-T Family of Company disciplines. We are a mid-size mechanical, electrical, plumbing and fire protection engineering firm; yet are small enough for each team member to be hands-on with each product. Our clients benefit from receiving the influence and attention of veteran leadership and their 100+ years of combined experience.

## FAMILY SUPPORT

W-T Mechanical/Electrical Engineering functions as an independent enterprise within the W-T Engineering Family of Companies. Clients can hire the Family as subcontractors to complete an engineering project or as a project lead when appropriate. This partnership provides us with stability and support when a project requires outside expertise, yet allows us to operate with flexibility.

## COST EFFECTIVE SOLUTIONS / EFFICIENT

The W-T Mechanical/Electrical staff is skilled in determining the most cost-effective and efficient solution for your business. We provide many efficiency measures that include geo-thermal systems, water-reduction features and electricity-minimizing electrical engineering solutions. Our portfolio includes many LEED “green” certified projects and energy-reducing, sustainable solutions that will benefit your business into the future.

## CLIENTS

Top Quality Service & Performance for:

- Park Districts
- Residential
- Municipal
- Institutions
- Commercial

Police Station | Burr Ridge, IL

Makray Memorial Clubhouse | Barrington, IL

The Centre of Elgin | Elgin, IL

Optima Horizons | Evanston, IL

## SERVICES

More than 100+ years combined experience developing engineering systems for:

- Heating
- Ventilation
- Air Conditioning
- Electrical
- Plumbing
- Fire Protection

## PROJECTS

Our use of computer-aided drafting enables our professional engineers to complete projects on time and within budget, including full service Mechanical/ Electrical support for:

- Fire Stations
- Police Stations
- Village Halls
- Public Work Facilities
- Schools
- Churches
- Banks
- Grocery Stores
- Retail Centers
- Medical Facilities
- Aquatic Facilities
- Office Buildings
- Hotels/ Motels
- Recreation Centers
- Restaurants
